

Nothing missed. Everything ready.

Forward an enquiry. Send a voice note. Share the property details.
Tiffbox Assist turns it into accurate, human checked work your team can approve and send.

Enquiries answered Prompt replies to portal, website and email leads, with hidden valuation signals flagged.	Listings written Property descriptions, portal summaries and brochure copy prepared in your brand voice.	Branded customer letters Agency branded letters and emails for vendors, landlords, buyers and applicants.	Vendor care Weekly vendor updates, viewing feedback and price review prompts prepared for approval.
WhatsApp voice notes Voice notes and direct letter requests turned into workable drafts with no retyping.	Monthly reports & secure portal Tiffbox branded monthly reports, secure report pages and downloadable PDFs.	Elle phone answering Optional AI phone answering with connected minute tracking and approval ready statements.	Viewing follow up & reviews Viewing follow ups, review requests and other day to day branch communications.

Morning briefing email	Review request drafts	Client portal	Capacity tracking	Reports stay Tiffbox branded. Customer letters use your agency branding.

The Tiffbox rule

AI does the heavy lifting. A human checks every word.
Your agency reviews and approves every customer facing message before it is sent.

Eight week pilot. Prove it before committing.

First month half price. No setup fee during the pilot.
Plans from **£495** per branch, each calendar month.

Simple pricing, per branch.

Every branch receives its own workspace, monthly capacity, property register, access controls and reports. Allowances are not pooled unless a written agreement says otherwise.
